 480 SQUARE FEET

TERMS AND CONDITIONS

These plans are copyrighted and are subject to copyright protection as an “architectural work” under SECTION 102 OF THE COPYRIGHT ACT, 17 U.S.O. AS AMENDED DECEMBER 1990 AND KNOWN AS THE ARCHITECTURAL WORKS COPYRIGHT PROTECTION ACT OF 1990. The protection includes but is not limited to the overall form as well as the arrangement and composition of spaces and elements of the design. Under such protection, unauthorized use of these plans, work or home represented can legally result in the cessation of construction or building being seized and/or monetary compensation to the architect. We authorize use of the blueprint to construct ONE (1) home only. You must purchase another blueprint or blueprints or pay additional design fees in order to build a second dwelling or multiple dwellings.

ARCHITECTURAL AND ENGINEERING SEALS

Some jurisdictions require a licensed architect or engineer to review and seal construction documents prior to construction. We strongly recommend you consult with your local building official to see if such a review is required, prior to applying for a building permit or starting the actual construction. Our plans do not come with an architectural seal. You may need to have your plans sealed locally.

LOCAL BUILDING CODES AND ZONING REQUIREMENTS

Each plan was designed to meet or exceed the requirements of a nationally recognized model building code in effect at the time and place the plan was drawn. Usually plans designed after the year 2000 conform to the International Residential Building Code (IRC 2000 or 2003). Plans drawn before 2000 conform to the Southern Standard Building Code (SBCCI). Due to differences in geography and climate throughout the United States and Canada, each state, county, and municipality has its own building codes, zone requirements, building regulations, and ordinances. Modifications may need to be made to your plan to comply with local requirements. Additionally, permits and inspections may need to be obtained from local governments before and during construction. We authorize the use of the blueprints on the expressed condition that you consult with a local licensed architect or engineer prior to beginning construction and strictly comply with all local building codes, zoning requirements, and other applicable laws, regulations, ordinances, and requirements.

DISCLAIMER

The architect has put substantial care and effort into the creation of the blueprints. However, since we cannot provide on-site consultation, supervision, and control over actual construction, and because of the great variance in local building requirements, building practices, and soil, seismic, weather, and other conditions, WE MAKE NO WARRANTY OF ANY KIND, EXPRESSED OR IMPLIED, WITH RESPECT TO THE CONTENT OR USE OF THE BLUEPRINTS, INCLUDING BUT NOT LIMITED TO ANY WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. ITEMS, PRICES, TERMS, AND CONDITIONS ARE SUBJECT TO CHANGE WITHOUT NOTICE.

It is the customer's responsibility to ensure the accuracy, compliance with applicable statute or regulation, and fitness of purpose of any plans or construction information received from BigelowStudio.com prior to use thereof. In the event any liability is imposed on BigelowStudio.com, BigelowStudio.com's liability to you or any third party shall not exceed the price paid for BigelowStudio.com's product. By downloading this file and attached architectural files you are acknowledging that you have read, understood and agreed to the legal rights of the architect.
